

FIRE PREVENTION WEEK

STAY SAFE IN THE OFFICE

TORONTO
DOMINION
CENTRE

A  PROPERTY

While fire safety is a priority at TD Centre year-round, Fire Prevention Week is a good opportunity to remind you of how to keep you and your co-workers safe in the workplace.

WIRING

- Check and replace any electrical cords that have cracked insulation or broken connectors.
- Avoid overloading wall sockets with multiple devices/appliances.
- Do not run extension cords across doorways or under rugs.
- Avoid plugging more than one extension cord into an outlet.
- Use only CSA (Canadian Standards Association) approved power bars.

APPLIANCES

- Use only CSA approved appliances.
- Leave enough space for the circulation of air around equipment such as computer terminals and copy machines.
- Keep all appliances a safe distance from combustible materials.
- Always turn off or unplug appliances at the end of each day.
- To avoid potential fire hazards, avoid using portable heaters.

FIRE PREVENTION WEEK

STAY SAFE IN THE KITCHEN

TORONTO
DOMINION
CENTRE

A  PROPERTY

With more time being spent at home bringing amateur chefs out of their shells, here are some tips to help keep you and your loved ones safe in the kitchen.

CLEAR THE CLUTTER

Keep anything that burns—plastic utensils, dishcloths, paper towels—a safe distance from the stove.

STAND BY YOUR PAN

Unattended cooking is the leading cause of home fires. Always stay in the kitchen when you cook.

NEVER THROW WATER ON A GREASE FIRE

If a pot of oil catches fire, put a lid on it. Slide a lid over the pot and turn off the stove. Do not move the pot.

INSTALL SMOKE AND CARBON MONOXIDE ALARMS

Install working smoke and carbon monoxide alarms on every storey of your home and outside of sleeping areas. Test them every month!
